HELLO
SEPTEMBER

QUOTE OF THE MONTH

"If not now then when, if not me then who?" - Malcolm X

Latinxs in Sustainability (LIS) is determined to address and reduce the barriers that have led STEM fields, and environmental and climate fields specifically, to be among the least ethnically and racially diverse across all disciplines.

◀ **DETAILS**

Latinxs in Sustainability Present

THE LATINX COMMUNITY
COVID-19 INEQUITIES

UPCOMING EVENTS

Paying tribute to the Latinx trailblazers who have enriched our society.

LATINX HERITAGE MONTH

Spotlight Nomination Form | Deadline Sept. 10th

In honor of Latinx Heritage Month, also called Hispanic Heritage Month (September 15 – October 15), Latinxs in Sustainability wants to showcase members of our community who are making an impact in the fields of sustainability, STEM, environmental, and climate change.

Do you know someone who identifies as Latinx whose efforts should be recognized on our social media platforms? Then nominate a deserving individual by filling out the form below! Someone from our team will then reach out to the nominee.

Nominate [here](#).

NEWS

As You Sow's New Scorecard

As You Sow, the nation's non-profit leader in shareholder advocacy, promoting environmental and social corporate responsibility, announced the launch of their Corporate 401(k) Sustainability Scorecard.

The newly launched scorecard grades the environmental and social impacts of retirement plan investments for companies.

CDP's Water Watch Launch

CDP's Water Impact Index measures the potential impact on water quality and quantity of over 200 industrial activities is launched last week.

This tool is made publicly available to help financial institutions and companies assess their potential impact on water, either in their investment portfolios or in different stages of their value chains.

Have an interesting update on what is new in sustainability? Don't forget to send us an email at: latinxsinsustainability@latinoverde.org
